

HERITAGE HILLS RESORT

Effective Friday June 12 York County entered the Green phase of re-opening PA. The Heritage Hills team is proud to announce the following updates to our businesses which are open and operating under CDC social distancing and PA Government guidelines:

- Hotel – fully operational
- Golf Course – all areas fully operational
- Avenue Ale House & Pizza Loft – open for dining on our Patio and inside seating with reduced occupancy. Take-Out service will continue until further notice
- Athletic Club – open with modified hours and reduced occupancy
- Serenity Spa – currently closed but expected to resume operations soon

In all areas of our business we have taken additional steps to ensure the safety of our guests and our staff including the use of face masks and gloves, single use products where feasible, deployment of additional hand sanitizer stations, and increased frequency of cleaning “high touch” surfaces.

The response from our guests to our modified operating conditions has been nothing short of fantastic. We truly appreciate your flexibility and thank you for your continued trust in Heritage Hills.
